FairWarning® Announces “FairWarning® Ready-for-Healthcare” for Security Information and Event Management Systems

FairWarning® Announces Certification Program That Accelerates Usefulness of Security Information and Event Management Systems with a Wide-Range of Electronic Health Record Applications

ST. PETERSBURG, Fla.--(BUSINESS WIRE)--FairWarning, Inc., the world's leading supplier of [cross-platform healthcare privacy surveillance solutions](#), today announced a certification program called “FairWarning® Ready-for-Healthcare” designed to instantly extend the usefulness of Security Information and Event Management Systems (SIEMs) with healthcare applications of all kinds. FairWarning® privacy monitoring solutions are out-of-the-box compatible with over seventy-five (75) healthcare applications. FairWarning® is also bundled with over one-hundred (100) healthcare privacy analytic scenarios.

FairWarning® [privacy surveillance solutions](#) have been widely adopted by the healthcare industry because of the company's unparalleled healthcare privacy analytics and out-of-the-box application support. With FairWarning® Ready-for-Healthcare SIEM partners, healthcare organizations can now receive the value of an end-to-end solution for auditing applications as well as infrastructure events.

To receive the FairWarning® Ready-for-Healthcare / SIEM positioning paper, register at the following location: <http://www.fairwarningaudit.com/contact.asp>

The [“FairWarning® Ready-for-Healthcare” certification program](#) uses flexible standards-based interfaces to feed the potential application and user trouble-spots to SIEMs where information security analytics are run to determine if the network addresses or users are involved in broader based security incidents.

“Privacy officers, compliance and business users are accustomed to using the best-of-class fraud and privacy detection capabilities of FairWarning®, and with “FairWarning® Ready-for-Healthcare” SIEM's, we put the information security officer in a position to do a deep-dive on the security aspects of potential trouble-spots,” said [Kurt Long](#), Chief Executive Officer of

FairWarning®. “FairWarning® and its partners now truly deliver a best of all worlds solution for privacy, compliance and security.”

FairWarning® offers out-of-the-box privacy surveillance solutions which include support for [every major healthcare application family](#).
